

# School Bus Law Misunderstood By Many Drivers

Some misunderstanding of the school bus law is indicated by the actions of many motorists when approaching a stopped school bus on the highway says the California Highway Patrol.

The law requires motorists to stop only when the school bus is stopped and the red lights are flashing," stated Patrol Commissioner B. R. Caldwell. "If the sun is in a position to make the lights difficult to observe, it is well to slow down until you can discern the status of the lights."

It is not necessary to stop if the school bus is standing and the red lights are not flashing. It is advisable, however, in the latter situation, to approach the bus at a controlled speed and be prepared for a quick stop if some child should unexpectedly run across the highway without warning.

The cooperation of every motorist is needed to provide maximum safety to children who use the buses," Caldwell said. "Motorists who stop on the highway when not required to do so usually cause their cars to become hazards resulting in rear end collisions and other traffic conditions leading to possible accidents."

## Man Held For Lewd Acts With Sister-in-Law

A 26-year-old Torrance man was arraigned Friday on charges of rape and lewd conduct as a result of acts allegedly committed with his 11-year-old sister-in-law, juvenile department authorities said.

Harold J. Shroyer, 26, of 1910 Plaza Del Amo, faces preliminary hearing in South Bay Municipal Court on one count of rape and six counts of lewd and lascivious conduct.

Juvenile authorities here said that Shroyer admitted the acts, where were reported to have taken place between October of 1955 and March of this year.

The young girl told her mother recently of the acts and the mother in turn notified police, a juvenile division spokesman said. She first told authorities of the situation last Tuesday.

Shroyer and his wife's sister reportedly committed the acts in his apartment at times when the girl would come to visit the couple.

## CHP To Arrest Litterbugs In Statewide Drive

Persons apprehended scattering trash and rubbish along public highways will be arrested says the California Highway Patrol in emphasizing an enforcement program designed to curtail this type of activity in California.

"A law prohibiting the throwing of cans, bottles, papers, garbage and other refuse on our highways was placed in the California Vehicle Code by the 1955 Legislature," said Patrol Commissioner B. R. Caldwell. "This restriction against litterbugs prohibits the scattering of trash anywhere along the right-of-way of a public highway."

"The Patrol will continue positive enforcement action against violators of this law," Caldwell continued. "Our highways can be kept clean and beautiful if motorists will carry a trash bag or other receptacle and keep it closed until it is in the car until it can be disposed of properly."

Everyone should want clean highways, so don't rely on enforcement agencies to stop littering, he stated.

## Sheffield Initiated Into SC Fraternity

Dr. H. J. Sheffield, 2502 W. 182nd St., was initiated Saturday as a member of Skull and Dagger, the University of Southern California's most honored service fraternity.

Now director of admissions at the university, Sheffield formerly was director of student personnel at El Camino College. He resigned from El Camino effective July 1, 1951.

Membership in Skull and Dagger is given to leaders who have contributed most during the year to student life and university service. Dr. Sheffield was initiated in campus rites along with 23 students, four faculty members, and four alumni.
